

For sun control, cool breezes and uninterrupted views, the Outlook Collection of fabrics from Ricky Richards is your optimum window covering solution.

The OUTLOOK Collection

Outlook and Mode fabrics:

- Reduce solar heat gain by up to 99%
- Protect from the sun while you still enjoy your outside view
- Unique weave lets you view from the inside out, but not the outside in
- Provide outdoor comfort and indoor climate control
- Allow light and cool breezes to filter through
- Exceptional resistance to harsh weather conditions
- Expand or shelter outdoor living spaces

letting the outside in...

Please be aware that a slight colour difference between the brochure and fabric may occur.

Please be aware that a slight colour difference between the brochure and fabric may occur.

Outlook and Mode fabrics are supported by a 10 year warranty. This covers changes in physical properties and is valid for 10 years from the date of purchase. Further details about this warranty are available by request from Ricky Richards (Sales) P/L.

Phifer uniquely combines the performance of Outlook and Mode fabrics with Microban® antimicrobial technology to provide continuous product protection against stain-causing bacteria, mould and mildew.

Mode fabrics manufactured by Phifer Incorporated are GREENGUARD® Gold Indoor Air Quality Certified by the GREENGUARD® Gold Environmental Institute (USA) under the GREENGUARD® Gold standard for Low Emitting Products. As Mode fabrics can be used for interior window coverings, they have been tested and certified as low chemical-emitting products.

Mode fabrics have been tested to AS1530.3 – 1999. Mode fabrics are manufactured by Phifer Incorporated. Independent laboratory test reports are available by request from Ricky Richards (Sales) P/L.

Outlook and Mode fabrics are as durable as they are stylish and are designed to handle high traffic applications with ease. These fabrics are easy to maintain and require only occasional cleaning using a mild detergent, brushing and rinsing with clean water.

Outlook and Mode fabrics manufactured by Phifer Incorporated are lead free. These fabrics pass some of the most stringent US Standards for heavy metals such as US Product Safety Commission Section 101 and ANSI/WCMA A100. 1-2007 for lead content.

Outlook and Mode fabrics will be manufactured using Dow Ecolibrium™ bio-based plasticisers. Dow Ecolibrium™ bio-based plasticisers offer a renewable alternative that is lead and phthalate free and lowers greenhouse gas emissions as much as 40%. With 98% of the plasticisers derived from non-fossil fuel based feed stock, Ecolibrium fabrics are a more sustainable option with the same superior performance and feel of existing Outlook and Mode fabrics.

A percentage of the proceeds of the sale of all Outlook and Mode fabrics will be donated to Melanoma Institute Australia. By choosing a fabric from this collection, you will be supporting melanoma research.
